Connell...continued from page 1

and the frightening news that he had wandered away from his home in the Soapstone Community into the Chattahoochee National Forest on March 20th of this

Amazingly and thankfully, with the assistance of over 100 volunteers, eight agencies, including local, state, and federal, Connell was found on a mountain inside the Chattahoochee National Forest. He was dehydrated and tired, but he was safe.

Kim and Dana want to make sure that never happens again.

Many volunteers, friends, neighbors, wellwishers, strangers, and other interested parties attended the "Rally for Connell." fundraiser. There were so many amazing activities in place: face painting, nail polishing, wacky hair styling, cake walks, snacks and beverages, and raffles for various items and services that were donated by individuals and local merchants.

Money raised will be used for a GPS tracking device that will be attached to Connell's arm and making it easier to locate him in the event that he 'wanders' away from home again; it will also go towards the purchase of a service dog, a speaking alarm system that will let them know which door has been opened, and a dead bolt system for all the doors in the home.

Dana and Kim are very excited about the prospects of having all these safety features in place at their home. Funds will also go to help pay for the expense of transporting Connell to a therapist in Atlanta 2-3 days each week."

Donations are also being accepted at United Community Bank of Hiawassee in a special account that has been set up especially for Connell. You can contact UCB regarding how to

the local merchants who donated raffle items were certificate); The Chophouse (lamp); Hardees (Family Biker Gear; Hiawassee Hardware (\$25 gift certificate); Brothers @ Willow Ranch (\$25 gift certificate); Brasstown Valley Resort (Golf for 2).

Kim and Dana also donated a four-wheeler for the raffle.

Dana also said that Home Depot is providing a safety fence with a locked gate across the driveway, and she wanted to make sure they got recognition for their generosity.

In a time when everyone is experiencing the bite of a deflated economy, it is refreshing to see the community open its arms and wallets to help a family whose only concern is in keeping their son safe from

speaks for itself. Fifteen years as a head football coach, a 93-69 record, three region championships, seven region runner-Parents spoke of the ups and 12 state playoff appearances. In 13 years as a head baseball coach, Ellis' career record is 176-85 with four region runner-ups, eight state playoff appearances and earning distinction as state runnerup for one of those seasons.

He also has a career record of 43-27 as a head boys' basketball coach, with one Fi-

nal Four appearance under his topic.

But the sports accolades aren't his best quality, said Marty Roberts, whose son Dylan played baseball for Ellis. 'He gets on his players,

yes, but he's also the first man to run across the field to pat them on the back," Roberts said. "He has the respect of the young people who have played for him.'

Roberts was only allowed to speak briefly, as BOE Chair Larry Kimsey stuck to a staunch BOE rule of allowing only 15 minutes per issue, regardless of the number of folks wishing to speak about the

"I think it's a shame that we've got a time limit when you've got people in here that wish to speak on the behalf of a good man," Roberts said. "It's a shame that they can't speak their minds when they feel this strong about something.

"You give us a 15-minute time limit and basically then just shove us out the door," Roberts said. "You give us only 15 minutes to talk about one of the true class acts in this community. That's a shame."

Chairman Kimsey invited the group back to the BOE's regular meeting next week at the Towns County Auditorium.

back home afterward.

Thursday's event was a joint effort between McConnell and Hiawassee United Methodist Church with the support and endorsement of several pastors and churches throughout the community. The Rev. Jim Blair of Hiawassee UMC and acting President of the Towns County Ministerial Association said the event was a success.

"We sold over 200 tickets and we had a turnout of about 180 people, the largest participation we've had since we started," the Rev. Blair said.

Breakfast was catered by Sawmill Restaurant of Blairsville. Eggs, grits, sausage, bacon, biscuits, gravy, fruit, and beverages were in abundance. Several people filled their plates to overflowing and returned for seconds. Rev. Don Pickerell, pastor of McConnell Church, said the folks at Sawmill are known for good food.

acter as well," he said.

crowd in prayer.

Finally, the time came that everyone had been waiting for...the introduction of Keynote Speaker Trudy Cathy White, who provided a very inspirational and motivational message. Trudy is a native Georgian and the daughter of Jeannette and Truett Cathy, the founder and CEO of Chick-fil-A, Inc. She has an important role in Chick-filcommitted her life "to serving others in the name of Jesus Christ."

This mother of 4 and grandmother of 7, along with her husband John, served as missionaries in Brazil.

"We have a heart and passion for people with special needs; 22 years overseas and the biggest challenge was learning to speak Portuguese.'

She depended on her daughter to help her with the language as "she caught on very quickly and was very fluent."

She realized after her daughter played a practical joke on her and had her saying words that "were not real words in Portuguese," that it was time for her to learn the language for herself.

The lesson she took away from this was, "step up to the plate. Step out of your comfort zone.'

After more than 20 years of involvement in in-The Rev. Blair told the ternational missions, Trudy guests "we are here be- and her husband saw an opportunity to influence and Macedonia Church led the vice is now in her native done that.

state of Georgia.

Trudy and John are cofounders of the Lifeshape Foundation, which includes IMPACT 360 located near Atlanta. IMPACT 360 "is designed to equip young adults to be Christ-centered servant leaders in order prepare them for the challenges they will face in life."

Trudy continues to play A, a family-run business, and speaks on behalf of the Cathy family whenever possible. She told the audience, there are four things folks focus on at Chick-fil-A: stewardship, team work, acts of excellence, and relationships.

Trudy, at the age of 19, was one of the youngest operators of Chick-Fil-A. She told the audience that she grew up in the restaurant and, "the restaurant became my second home. That's where I did my homework and ate my meals, but Mom is the unsung hero in our family, the rock in our fam-

Trudy is the author of "Along the Way," a collection of true-life stories and is currently the Girl's Director at WinShape Camps in Mt. Berry, at Berry College and Young Harris, at Young Harris College.

These camps are for girls in grades 1-7. This will be their first year at YHC. Trudy said that the motto of WinShape is "we are here to glorify God and have an iming," and with that said, the challenge young people in pact on young people's "We will open with the Rev. When asked how long this tradition has been going on, Martin said that the bank was, "purchased in the fall of 1992, and we had our first Customer Appreciation Day in the spring of 1993, so that would make this our

19th anniversary.' UCB's Junior Board of Directors, made up of 12 Towns County High School seniors who have been selected for this prestigious position, had representatives there operating a Bake Sale booth with all kinds of homemade goodies in an effort to "raise money to give our senior class some scholarships," said TCHS senior and member of the Junior Board of Directors, Alexis

Via.

"We give one \$1,000 scholarship and four \$500 scholarships to graduating seniors each year," she said.

The recipients of these scholarships are chosen based on "community service, academic excellence, and an essay they are required to submit when they apply for the scholarship, said Via and Liana James, also a TCHS senior and member of the Junior Board of Directors.

Those scholarships will be awarded on May 18th, Senior Honors Day, and until then they are being very hushhush about the recipients.

United Community Bank is to be commended for their continued demonstration, year after year, of showing customers how much they appreciate their loyalty and patronage. A lot of work goes into planning and preparation for such an event, and the employees and volunteers are out there with smiles on their faces, meeting and greeting, shaking hands, and taking time to talk with customers who all appeared to be enjoying themselves immensely.

Health Fair...continued from page 1

tal Administrator, Lewis exams. Kelley said. "We have 75-80 staff members and they are paid for their time. We do this because we think it's a real good thing...just glad we can do it."

We have free food available in the cafeteria," Kathy Kitchens, in charge of Utilization Review, said. "People have to fast before they come in for the lab work and they come in so early and they're hungry when they get through, so we offer them a free breakfast as a part of our ser-
