To the Editor:

This past Saturday, when I was able to see the game between Union County and Hiawassee, I found myself both surprised and amazed. It wasn’t just the game itself, it was the way in which it was played. The Union County team showed great determination and fighting spirit throughout the game. They were never discouraged by the score, and even after being behind by 17 points, they never gave up. The Hiawassee team, on the other hand, was not able to capitalise on their lead and failed to maintain their momentum. It was a great game to watch, and I hope that both teams will continue to grow and improve in future matches.

Sincerely,

Tony Johnson
