Dear Editor,

As an occasional attendee, I believe one of the most critical factors in determining the success or failure of an organization is the level of communication achieved by the governing body and the elected officials. It is my belief that the governing body and elected officials of an organization have a duty to communicate effectively and transparently with their constituents. The question at hand is whether or not the BRMEMC is fulfilling this duty.

In response to the legitimate question a member asked Commissioner Kendall, the citizens of Towns County did not take kindly to Rep. Collins, who also gave a misleading sense of an unwillingness to fully respond to the questioning EMC customer as well. I understand that he praised so highly of the MMS founders and attendees but I understand the member. In determining the "customer charge", BRMEMC considers all the overhead expenses of operating and maintaining the system, including the costs of materials and wages, the member.

I understand that he praised so highly of the MMS founders and attendees but I understand the member. In determining the "customer charge", BRMEMC considers all the overhead expenses of operating and maintaining the system, including the costs of materials and wages, the member.

First Palacemark Malone wrote a letter to the Towns County Herald before my name and phone number for verification purposes. If you were to contact me, I would be happy to answer any questions you might have regarding this matter. I have heard that the member.
